EXPERIENCE

UX/UI
designer,
researcher
2023-2025

Independent projects

- Designed end-to-end UX concepts for web and mobile products.
- Consulting → average order value growth.
- Smart Home App UX/UI. Task completion 30% faster after iteration 2. Low-vision accessibility improve. AI assistant implemented to reduce user churn.
- Veterinary Clinic responsive UX/UI design, CRM booking feature.
- Daily Planner Product Design → user intent to use doubled.
- Pitch deck for an Investment Company.
- AI motion visualizations.

Web
designer/
UX
copywriter
2015-2021

Worked remotely with web studios

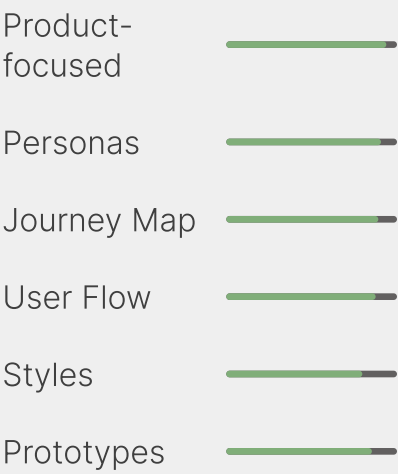

- Swimming Pools UX design. Up to **25% conversion rate** from ads to leads.
- Residential Complex “Fountains” wireframes drove lead generation (investors & buyers).
- Hot-dip galvanizing marketing wireframe increased company trust.
- Ticket Booking Service → 2-day MVP wireframe live for 6 years, evolved into an app.
- Unique sales offers, call-to-actions. Competitor analysis, user personas.

Head of
Marketing
2004-2014

PJSC Tekhnika, Ukraine

- Reduced advertising costs **by 35-40%** by securing vendor budgets of **\$200K+** per year.
- Competitor analysis, audience segmentation.
- Managed vendor budgets (Acer, HP, Lenovo etc) and ATL/BTL advertising campaigns.
- Marketing campaigns and brand concept.
- Website Computer Fashion redesigned from B2B price-list to web shop, improving usability & conversion.
